Church School History

Officers: Mr. Virgil M. Hopkins, Superintendent  
Mr. Lee Hamrick, Assistant Superintendent  
Mrs. V. M. Hopkins, Secretary  
Mr. Franklin H. Tubb, Treasurer

Total enrollment in the Church School - 432

Our Church School is growing so fast that we are using all available space for classrooms, including the kitchen. We are gradually tiling the classrooms and getting venetian blinds as we are able.

Vacation Church School

Mrs. Wm. N. Stokes, Director  
Mrs. Wm. T. Prince, Co-Director

Vacation Church School was held for eight days from June 21 through June 30, with 208 children and teachers attending. There was a variety of handwork. All the handwork was carefully planned and prepared.

Primary children made some very interesting items, including Bible markers, paper weights, litter bags and scrolls.

Junior children made a number of different crafts from pop sticks such as churches and chests. Plaster of paris molds were made and printed which the children thoroughly enjoyed. Our Pioneers wrote, edited and printed a delightful newspaper called the "Israeli Times". This paper was distributed at the closing program.

Music, a very important phase, was presented by departments. Since most children like to sing, the entire closing program consisted of music which they had learned.

We desire to express sincere appreciation to all workers of our Vacation Church School. It was a wonderful School and we are looking forward to a "bigger" one in 1966.
