

BAYSIDE PRESBYTERIAN CHURCH  
1970  
CHURCH SCHOOL

The enrollment continued to drop for the year 1970 from 403 in January to a closing figure of 306 in December. The most notable losses seem to be in the Pre-School and lower Elementary Divisions. Attendance fluctuated with the seasons and weather, with a record high of 318 to a low of 126.

The organizational structure remained the same as in 1969 and the two teacher program was continued with a few exceptions.

Covenant Life Curriculum material was used throughout our Church School with David C. Cook handwork supplementing in the Nursery. The Adult Study was divided in October to offer two courses, this year's recommended study of the Wisdom Books, and also The Mighty Acts of God.
