

BAYSIDE PRESBYTERIAN CHURCH
1971
CHURCH SCHOOL

The year 1971 ended with the Church School having an enrollment of 331 and the average attendance for the year of 180. With the completion of the addition, classes were moved into more suitable rooms.

Classes no longer were forced to use the kitchen, office and study.

Although Covenant Life Curriculum was studied in most classes, the Kindergarten used and did an evaluation of "Joy", a study similar in its theme to that of the Covenant Life Curriculum. In October the Uniform Lesson was offered as an alternate study for adults.

Mrs. William N. Stokes, Superintendent
School of the Church
