

BAYSIDE PRESBYTERIAN CHURCH
1972
JUNIOR HIGH FELLOWSHIP HISTORY

As Historian, I asked one of our Junion High members to drop me a note outlining their activities for 1972, and I have never been so charmed as by her answer. Let me just quote her:

Mr. Graham:

I have thought back and come up with these events, you may use any or all of them. We started out the year with a cook-out including hamburgers, hot dogs, and lots of fun! Our studies included going through and understanding the rock-opera "Jesus Christ, Superstar," and "Sexuality." Our money-raising projects were a spaghetti dinner with the ~~Senior~~ High Fellowship, and car washes. We spent two week-ends at Makemie Woods, where we had lots of fellowship and fun. One week-end we were led by people from the Seminary, and the other was led by visitors and friends, including Chaplain Brink of the Navy. At Easter we held an outdoor sunrise service (at which it DIDN'T RAIN). We had erected an outdoor cross of wood, and the music was led by a piano and two electric guitars.

These may not seem like too many important events, but I can tell you we really experienced God's love and fellowship with each other through these happenings and just regular meetings.

Hope this will be of help.

Mary Brun
