

BAYSIDE PRESBYTERIAN CHURCH  
1971  
JUNIOR HIGH YOUTH GROUP

Starting with January 1971 we had an ecology program. We made posters, got re-cycling information and cleaned up the church grounds. the high point of this was going to Makemie Woods in March with the main topic as pollution. The ecology program was done together with the Senior High Youth Group.

Another project was "adopting" a child. This of course, was done through the Christian Children's Fund for \$12.00 a month. However, we still haven't gotten the details (or the money) all worked out. We had two car washes to raise money.

June was our last month, and to end the year we had a Pool Party at the Murray's.

We started again in October with a party at the church for both Junior High and Senior High Youth Groups. We had a Spaghetti Supper to raise money for Makemie Woods and our foster child. We went on our retreat in November with the theme as "communications". When we came back we discussed and listened to "Jesus Christ, Superstar" with the Senior Youth Group. After this we had our Christmas programs: Christmas Carolling and can collecting (for needy families).

Susan Borchers, Secretary  
Junior High Youth Group

BAYSIDE PRESBYTERIAN CHURCH  
1971  
SENIOR HIGH YOUTH GROUP

In the spring we sponsored a drive against pollution and encouraged other churches of the area to join us in sending petitions to their representatives in Richmond, and to help prevent pollution by following some simple guides we gave them that they could do at home. We also had a supper to promote it and it was a success. Our retreat to Makemie Woods was focused on the problem of pollution and our part to control it.

This fall we went on another retreat with two other churches. We learned about getting along with God and our fellow Christians.

This Christmas we collected cans of food for needy families.

Mr. & Mrs. James Hopewell, Advisors  
Senior High Youth Fellowship

Susan Hopewell, Secretary  
Senior High Youth Group
